

Frederick National Laboratory: The Only National Lab Exclusively Devoted to Biomedical Research

Thursday, December 5, 2019
11:30 AM to 12:30 PM
DRUG Main Lobby

The Frederick National Laboratory for Cancer Research (FNLCR) is dedicated to improving human health through discovery and innovation in the biomedical sciences, focusing on cancer, AIDS, and emerging infectious diseases. FNLCR is sponsored by the National Cancer Institute and operated by Leidos Biomedical Research, Inc. In this presentation, Dr. Freedman will give an overview on the research taking place at FNLCR, with a particular focus on how artificial intelligence is contributing to advances in cancer biology and drug discovery.
