

SYMPOSIUM

Bindley-Waters Omics Symposium

Oct 4, 2019
10:00-2:00
MRGN 121

Waters
THE SCIENCE OF
WHAT'S POSSIBLE.™

Join us for an exciting symposium and discussion on mass spectrometry applications in proteomics and metabolomics. Faculty, graduate students and industry experts will present their research and discuss future applications.

Full agenda at:

<https://www.purdue.edu/discoverypark/bioscience/events/index.php>

Special Keynote Lecture:

Dr. Graham Cooks

Accelerated Reactions, High Throughput Screening and Interoperative Tissue Diagnostics

Please RSVP to Chelsea Plummer
