

BIRCK RESEARCH SYMPOSIUM

April 29, 2020 • 9:00 a.m. - 5:00 p.m.
Burton Morgan Center for Entrepreneurship • Room 121

Help us build a stronger Birck community!

Birck Nanotechnology Center is pleased to announce a one-day symposium for all BNC faculty, staff, and students. This meeting will be a time for us to hear about each other's research, spark new collaborations, and build a stronger Birck community.

Faculty, staff, and students will have the opportunity to attend presentations from the team leaders of Birck's major research areas, engage in thought-provoking roundtable discussions about emerging research topics, and present their latest work at morning and afternoon poster sessions. Lunch will be provided, as well as hors d'oeuvres, pastries and coffee at the poster sessions.

We look forward to seeing you there!

Register at [Eventbrite](#) or at the [Events](#) page of the BNC website.
