Be sure to join us on Wednesday, September 10th for the ISF Open House and Reception, which will be held in the MRGN Café and Room 121 from 4pm to 6pm. This is an opportunity for faculty and students to learn about ISF's current and upcoming initiatives. Come meet our leadership team and find out more about our research groups, what ISF has to offer, and what's on the horizon as we move the mission of ISF forward. This includes a grad student call-out and all are welcome!
