

Objective:

- Development of simulation tools for scientific community.
- Dispensing these tools via nanoHUB.org

Methodology:

- Development of C/C++ and MATLAB based physics tools.
- Deploying on the web using Rapture (Purdue based GUI software.)

Result :

- Development of 6 simulation tools.
- (<http://www.nanohub.org/contributors/15437/>)

Impact :

Users (last 12 months) = 1635.
Simulations (last 12 months) = 17327
