

GIS Tutorial for Watershed Management

Purdue Extension: Indiana Watershed Leadership Academy
Local Watershed User Guides
Andrea Bolks, Jared O'Brien and Adam Thada
2013

Goals:

- ☞ Create a watershed management-oriented tutorials to show spatial data. Programs include ArcGIS Desktop, ArcGIS Explorer, ArcGIS Online and Data 2 Maps and are focused for those with average computer competency.
- ☞ Create a product that can be built upon in the future by others in the IWLA

Guides include:

- ☞ ArcGIS Explorer Guide1: Site Locations Map
- ☞ ArcGIS Online Guide1: Site Locations Map (Video Tutorial: <http://youtu.be/vs79pKqnpQ>)
- ☞ ArcGIS Online Guide 2: Watershed Boundary Map
(Video Tutorial 1: <http://youtu.be/T2de78B24O8>, Video Tutorial 2: <http://youtu.be/XgkuUFjubw8>)
- ☞ ArcGIS Guide: Adding x,y Locations
- ☞ Data2Maps (D2M) Large Sample Size Guide
