IF I DO GO TO AAE AFTER FrE, WHERE DO I REGISTER FOR CLASSES?

See above. Instructions are available in Room 341. As long as you are in FrE, you must register with the Counseling Office in FrE.

WHEN CAN I REGISTER?

You can discuss what classes you should take at any time. You cannot register until the semester schedules are issued (in the middle of October for Spring, and in March for Summer and Fall.)

WHAT DO I DO IF I WANT A COOP JOB?

You should research opportunities on your own: on the web, in the Center for Career Opportunities (CCO) in Stewart Center, at the Internship Fairs on campus, student organizations like AIAA & SEDS.

If you want to apply to the Purdue Cooperative Education Program, <http://ce.ecn.purdue.edu/Coop> , then you must have at least one semester at Purdue with a GPA of 2.8 or more. Qualified students usually apply (in Room 339 Grissom) in the Spring of their Freshman year.
