

19. SCHEDULE OF REQUIRED TESTS

Performance Graded Binder		
Test	Test Method	Frequency
Solubility	AASHTO T 44 or ASTM D7553	3x / year
Flash Point	AASHTO T 48	
Brookfield Viscosity	AASHTO T 316	
Dynamic Shear	AASHTO T 315	1x / 2 weeks (Bi-weekly sample) [Section 9.3]
Rolling Thin Film Oven Test	AASHTO T 240	
a. Change of Mass		
b. Dynamic Shear	AASHTO T 315	
Accelerated Aging (PAV)	AASHTO R 28	
a. Dynamic Shear	AASHTO T 315	
b. Creep Stiffness	AASHTO T 313	
Multiple Stress Creep Recovery Test	AASHTO T 350	
Direct Tension	AASHTO T 314	As Needed

NOTES:

1. All testing shall be in accordance with the applicable standard methods of the American Association of State Highway and Transportation Officials (AASHTO).
2. Application for Combined State Binder Group Certification Submittal Requirements:

Submittal package should include:
 - Cover letter indicating desire to become a Combined State Binder Group Certified Source
 - Manufacturer local contact name, address, phone number and email address
 - Safety Data Sheets for asphalt grades supplied
 - Review the Method of Acceptance document and provide the applicable information
3. Copies of this document can be obtained from:
 - Combined State Binder Group website:
<https://engineering.purdue.edu/~csbg/method.html>
 - Any Combined State Binder Group representative.
